DIARY NOTES

DD/S

*LKW/zo*

19 March 1965

25X1A6a

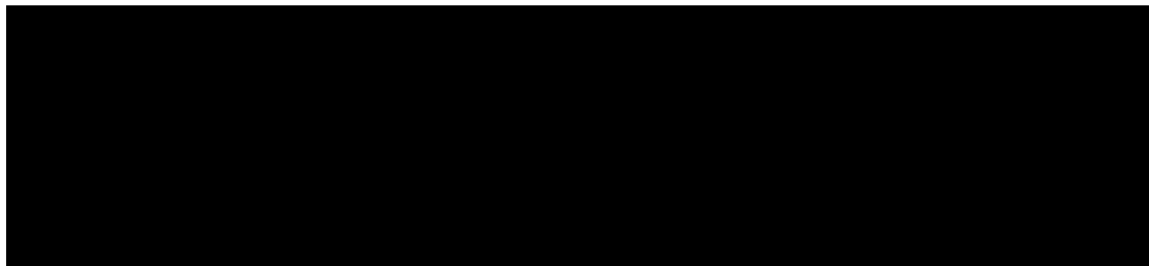

2. I met informally with the psychiatric consultant panel which Dr. Tietjen has established and also hosted a luncheon for them. They appeared to be very interested in the problem although this whole business is entirely new to them, with the exception of [REDACTED] who apparently was in OSS.

25X1A9a

3. I addressed the Support JOT Course this afternoon. I received no questions, so it was impossible for me to measure the enthusiasm of this group.
